The Eponym Dictionary of Birds Bo Beolens 2020-03-19 Birdwatchers often come across bird names that include a person's name, either in the vernacular (English) name or latinised in the scientific nomenclature. Such names are properly called eponyms, and few people will not have been curious as to who some of these people were (or are). Names such as Darwin, Wallace, Audubon, Gould and (Gilbert) White are well known to most people. Keener birders will have yearned to see Pallas's Warbler, Hume's Owl, Swainson's Thrush, Steller's Eider or Brünnich's Guillemot. But few people today will have even heard of Albertina's Myna, Barraband's Parrot, Guerin's Helmetcrest or Savigny's Eagle Owl. This extraordinary new work lists more than 4,000 eponymous names covering 10,000 genera, species and subspecies of birds. Every taxon with an eponymous vernacular or scientific name (whether in current usage or not) is listed, followed by a concise biography of the person concerned. These entries vary in length from a few lines to several paragraphs, depending on the availability of information or the importance of the individual's legacy. The text is punctuated with intriguing or little-known facts, unearthed in the course of the authors' extensive research. Ornithologists will find this an invaluable reference, especially to sort out birds named after people with identical surnames or in situations where only a person's forenames are used. But all birders will find much of interest in this fascinating volume, a book to dip into time and time again whenever their curiosity is aroused.

Sensational Snacks Barbara Beery 2005 Offers easy-to-prepare recipes for such healthy snacks as chill-out cheese dip, wacky wonton crisps, and luau lemonade floats.

Yesterday's Gone: The Complete Series Sean Platt 2019-06-13 The breakout horror/sci-fi series with over 1,000 5-star reviews is back and in a single collection for the first time. They thought they were alone. They were wrong... On October 15th, humanity went missing. A handful of scattered survivors wake to find the world empty of friends, family, and neighbors. Among them, a child searches for his family. A special agent turned enemy of the state survives a fiery plane crash with no way to reach his daughter. A serial killer discovers he's no longer at the top of the food chain. Now, these strangers must find the strength inside them to weather the new world. But they are not alone. In the absence of civilization, a new threat emerges. In the stillness, it waits and watches, preying on their weakness. Their only hope is to find more survivors, rise above their fear, and face the oncoming darkness. ★★★★★ "After reading the first book, I went and got the whole series. After many weeks of enjoyment I kind of had withdrawals over being finished with the series." -- Cynthia ★★★★★ "I loved the development of each character, honestly I could not put these books down!!! Sean Platt and David Wright are now my favorite sci-fi writers, I can't wait to read everything they've written!" -- Lenore Barszczuk ★★★★★ "Why did I like this book and give it five stars? Let me try to count the ways: 1) This is an apocalyptic story with a bonus - a second apocalyptic story embedded. I have never read any other book like this. 2) The characters in this book have more depth than you originally anticipate. 3) Just as you think you've discovered the hero, s(he) proves you wrong - all the way to the end of the book." -- Clarkson

★★★★★ "This is the best apocalyptic thriller I have ever read. So gripping and terrifying at times. Loved it! I caught myself staying up til almost daylight because I couldn't make myself put it down." -- Lisa P ★★★★★ "This is storytelling at its best. A compelling plot and great characters. I am thankful that I started this series after it was finished because it would have killed me to have to wait for more episodes!" -- booklovingmom ★★★★★ "A terrific tale...well written! Superbly paced with lots of action... nearly always something going on or about to happen." -- R. Nicholson ★★★★★ "If you are a fan of the post apocalyptic, dystopian genre, and prefer epic sized tales, stop reading and just go buy the book. This is the kind of thing that has me completely mesmerized. I'm sneaking chapters at work, I'm up at 3am reading it, I'm reading before I leave in the morning, waiting to pick up kids... You get the idea." -- D. T. Douglas ★★★★★ "This series is pure eye-ball crack for the reader... Great plot, realistic characters, heart-smashing action, it's just twenty levels of awesomesauce, as is the case with all of their stories... If you love drama, action, thriller and post-apocalyptic, you will love, YESTERDAY'S GONE." -- Flint Macwood If you're looking for a tense post-apocalyptic thriller that will leave you guessing until the very end, Yesterday's Gone is for you! WARNING: This is a post-apocalyptic horror story where bad people do evil things, and as such, this series features disturbing scenes and foul language. While it is all within the context of the story, some listeners may find this content offensive.

The Hollywood Reporter Book of Box Office Hits Susan Sackett 1996 A complete guide to Hollywood's top blockbuster films, from 1939 through 1995, details the five most successful movies of each year

Victoria John Molik 2019-08-20 It's the year AD 2430. Almost four hundred years earlier, humanity had barely survived a horrific near-extinction-level event: a solar micronova. Survivorship colonies set up by a cabal with advanced technologies eventually evolve into a global Perfect Society called the United Federation of Connectedness (UFC). Initially based on co-ops, barter and trade, and equal access for all, a model that rose out of the ashes of the authoritarian governments of the past, humanity, bored and striving for more, eventually steers the planet to a balanced authoritarian model run by Victoria, a genetically engineered Master Server, implanted with artificial intelligence. When the Animal Rights Act is introduced, the backward-looking religionists and many others think that Victoria has finally gone too far. Artificial love is the glue that keeps the heavily networked society together, but a radicalized religious cult, the MHs, who yearn for a natural connection to their God, reject technology and the electronic beasts who govern. Protected by the blood of their human messiah, they launch a terrorist attack to take down the Perfect Society and replace it with their own. A top scientist, Claressa, who is loyal to Victoria, and her boyfriend, Pierre Lewalski, are summoned to UFC Capital City to thwart the attack. Will they be successful? Should they be?

Doo-dah! Ken Emerson 1997 Offers a study of the classic songwriter whose works included "Oh, Susanna," a man whose music helped to create American popular culture

The Return of Death Eric Sam Llewellyn 2005 Enter the rock - tastic new novel from Sam Llewellyn, creator of those deadly and dangerous Little Darlings. Spaced - out heavy metallor, Eric Thrashmettle needs to pull himself back from the brink - and fast - when his financial coffers run dry - his children can't eat, the Lamborini has run out of petrol and his triple platinum credit card has been cut up. Drastic times call for drastic measures, and Eric is forced back out on the road. Turn the volume up to 11 and tune into a hilarious rock'n'roll swindle that Ozzy Osbourne himself would be proud of.

Led Zeppelin Alan Clayson 2006 Esteemed music historian Alan Clayson traces every session, recording and live appearance made by each future member of Led Zeppelin and woven the results into a rich and insightful text containing a factually accurate 'family tree' of the future band and all their musical and professional colleagues. A fascinating view of the influences absorbed by the four musicians who would go on to form the greatest rock band of all time and a detailed insight into the workings of the industry at a time when it was producing some of the most famous groups in music history.

If the Gods Had Meant Us to Vote They Would Have Given Us Candidates Jim Hightower 2010-11-02 If anything, in this presidential election special, he's madder than ever! In his earlier bestseller, *There's Nothing in the Middle of the Road* but Yellow Stripes and Dead Armadillos, Hightower only began to tap into the deep yearning that Americans have for a new politics that speaks to them from a real-world, kitchen-table perspective. Now, with the year 2000 being an especially significant marker for contemplating our country's direction, not only for the new year but for the new century and the new millennium, it's time for citizens to reclaim their political, economic, and cultural heritage. Leading the way with his hilariously irreverent yet profoundly serious book is our name-naming, podium-pounding, point-them-in-the-right-direction populist, Hightower himself. He whacks conventional wisdom right upside the head, showing, with startling facts and compelling personal stories, that despite a so-called period of prosperity, America's middle class is getting mugged, and that far from being ordained by the gods, globalization is globaloney! Hightower rips the mass off of the candidates, the parties, the consultants, and especially the moneyed powers who are supporting all of the leading presidential hopefuls. He's mad about them all—but what he's maddest about, what really gets his goat, is that they are all the same! To paraphrase Jim, American politicians are alike because they don't come cheap. In fact, they're all very expensive. which is why only the rich can own them and why their allegiance is definitely not to regular, work-a-day citizens. No one is spared in this insightful and engaging blend of horror and success stories, hard-hitting commentary, laugh-out-loud humor, useful facts, and sparkling language. An equal opportunity muckraker and conscientious agitator for "We the people," Hightower inspires us to take charge again, to build a new politics, and, together, to build a better tomorrow. Jim Hightower's *If the Gods Had Meant Us to Vote They Would Have Given Us Candidates* proves yet again that his is a uniquely wise and peerlessly singular voice in the maelstrom of political prattle.

Pieminister Jon Simon 2011-10-31 Everyone loves a pie. Pies are part of our food culture and heritage, as British as ... pork pie. Pieminister - the creation of Tristan Hogg and Jon Simon - have led the way in reinventing this great British classic for a new generation of food lovers. With their brilliantly creative and delicious recipes making the likes of their Heidi Pie, Pietanic and Moo Pie into household names, pieminister have brought free-range, luscious and locally sourced baking to the country's top delis, food halls and high streets. Pieminister pies are more than a comforting plate-full for the winter months. Throughout the year Tristan and Jon search out the best fresh, natural ingredients, creating an ever-changing, wonderfully varied menu. And in pieminister - a pie for all seasons you will find recipes that are filled with seasonal ingredients, great for spring suppers, summer parties and autumn lunches. Small pies, big pies, breakfast pies, fruit pies, family pies and pies that make you go oooooh! Recipes include: pork, chorizo and prawn pie

asparagus, pea and ricotta pie chili con carne pie smoked haddock and cider pie smoked aubergine and olive strudel pulled pork, sage and apple pie pheasant and Bath chaps pie paneer, spinach and pea pie rhubarb and custard pie chocolate 'hedonist' pie Fantastic ingredients and the best pastry you've ever tasted. Into the oven, be patient and then enjoy. Live and eat pie! The Bible 2.0 Nathan Smithe 1969-04-20 Join God and Jesus and The Holy Toaster and Gilberto McCheasyfries the Sheep and a slew of others in *The Bible 2.0*, a magical tale of drama, intrigue, fantasy, murder, magic, drugs, thermonuclear physics, sex, prison life, basket weaving, and unicorns.. each spine tingling word more exiting than the previous! Word!

Life Support Candace Calvert 2014-02-21 Nurse Lauren Barclay put her life on hold to keep a watchful eye on her troubled sister. It's why she's back in Houston. But that means confronting the brooding physician assistant who caused painful turmoil in her family—and left Lauren with memories her heart can't forget. PA and single parent Elijah Landry is no stranger to stormy relationships, including one with his father, who is threatening him with a restraining order. It won't stop Eli from protecting his disabled brother—or from making peace with Lauren. He wants that and so much more. But as Lauren and Eli draw closer, a powerful hurricane roars toward Houston. Survival instincts take priority and everything changes. Can hope weather the storm?

Eat Like a Dinosaur Paleo Parents 2012-03-20 Don't be fooled by the ever-increasing volume of processed gluten-free goodies on your grocery store shelf! In a world of mass manufactured food products, getting back to basics and cooking real food with and for your children is the most important thing you can do for your family's health and well-being. It can be overwhelming when thinking about where to begin, but with tasty kid-approved recipes, lunch boxes and projects that will steer your child toward meats, vegetables, fruits, nuts and healthy fats, *Eat Like a Dinosaur* will help you make this positive shift. With an illustrated children's story describing the paleo diet, and colorful, mouthwatering photographs of recipes without grains, dairy, soy and refined sugar, this book is written for children. For those with food allergies, the top 8 allergens have been visually marked on each recipe for children to self-identify recipes that may contain eggs, nuts, fish, or shellfish. Parents needn't panic! Details on the tools and products your family needs to get started have been provided, as well as an assortment of tips to help you along the way. *Eat Like a Dinosaur* will inspire your entire family to shop for new ingredients and get into the kitchen together. Let Matt and Stacy, the Paleo Parents, show you how to make the transformation in your family's life. With positivity, practicality and an appreciation for the fact that even the healthiest children sometimes want cupcakes and chicken nuggets—this book simply provides healthier ways to give kids the foods they love.

Spa Princess Cookbook Barbara Beery 2008-12-23 Pamper yourself like a princess! *Spa Princess Cookbook* has all the recipes you need for both sensational spa treatments and delicious edible treats. Soak in a Milk Chocolate Milk Bath, scrub your feet with Pink Peppermint Foot Glow, or sip a Peachy Keen Princess Smoothie. Create the fun and magic of spa at home!

Yesterday's Gone: Season Five Sean Platt 2014-11-18 The #1 bestselling horror and sci-fi series with over 1,000 5-star reviews continues here with *Yesterday's Gone: Season Five*. Time is running out... Eleven alien vials hold the fate of humanity, but who can be trusted with them? In their race to save the world, the Black Island Guardsmen must put Paola in a danger, unlike anything she's ever faced. How far will the Guardsmen go to get the vials? Can Mary protect her daughter from an insidious alien who's caused too much destruction? The Darkness has already consumed two of their own. Will Luca be mankind's savior or its final judge? Can Boricio overcome his past, or will he succumb to his single weakness — an infected Rose? Will the world fall prey to The Darkness, or is there still time for The Light to triumph? Find out in Season Five of *Yesterday's Gone*, the penultimate game-changing season of Sean Platt and David W. Wright's best-selling post-apocalyptic thriller series. ★★★★★ "What I love about this book/series is the deep deep character development. There's a character in there who is pure evil, who I should never end up liking, but in the end, he's my favorite. It is truly suspenseful, full of twists and turns and I fully expect to be seeing the series on Netflix someday." -- Tony Scotto di Carlo ★★★★★ "I love

this series, can't get enough fast enough. I love the characters and I love how David and Sean keep humanity in all of them real. Keep up the good work but hurry up with the last episode." -- Cheryl P. ★★★★★ "One of the most most awesome book series I have ever read. I am completely absorbed in the characters as if I know them. But be prepared for lengthy sessions of nonstop binge reading through first 5 seasons and waiting with baited breath for the next and final Season 6. Well worth the read!" -- Debbie M. ★★★★★ "These authors deserve a tremendous amount of praise. They are writing a captivating story that has spanned several years and they continue to build and weave a complex plot line that never fails to leave the reader craving for more. This series is by far their best." -- Andrew A. Bassock ★★★★★ "I have loved reading this series but each season seems to outdo the last. This book can have me laughing out loud at Boricio's wit or pouring tears because a loved character has been consumed by darkness or died. I can't wait to start the next season." -- Christine If you're looking for a tense post-apocalyptic thriller that will leave you guessing until the very end, Yesterday's Gone is for you! WARNING: This is a post-apocalyptic horror story where bad people do evil things, and as such, this series features disturbing scenes and foul language. While it is all within the context of the story, some listeners may find this content offensive.

A Guide to the Birds of Panama Robert S. Ridgely 1989 This is the first paperback version of the second edition of the popular A Guide to the Birds of Panama. In the second edition, published in 1989, the authors expanded information on the birds of Costa Rica, Nicaragua, and Honduras: approximately 200 new species were added to the material in the 1976 edition. Over 300 additional species, some of them Panamanian, were illustrated. Sixteen new plates were added, and three of the original plates were replaced by improved versions. Throughout the book changes were made to accommodate the explosion in knowledge of the birds of Panama and nearby areas and of neotropical birds in general. The basic sequence and systematics of the AOU 1983 Check-list were adopted. Also included in the revised edition was expanded and updated information on birdfinding in Panama, prepared with the assistance of two of Panama's best resident birders. The book also contains a special section outlining developments in Panama ornithology and conservation. "A sophisticated treatment of one of the world's richest avifaunas." -The Quarterly Review of Biology

What the Eye Hears Brian Seibert 2016-11-22 The first authoritative history of tap dancing, one of the great art forms--along with jazz and musical comedy--created in America What the Eye Hears offers an authoritative account of the great American art of tap dancing. Brian Seibert, a dance critic for The New York Times, begins by exploring tap's origins as a hybrid of the jig and clog dancing and dances brought from Africa by slaves. He tracks tap's transfer to the stage through blackface minstrelsy and charts its growth as a cousin to jazz in the vaudeville circuits.

Seibert chronicles tap's spread to ubiquity on Broadway and in Hollywood, analyzes its decline after World War II, and celebrates its rediscovery and reinvention by new generations of American and international performers. In the process, we discover how the history of tap dancing is central to any meaningful account of American popular culture. This is a story with a huge cast of characters, from Master Juba through Bill Robinson and Shirley Temple, Fred Astaire and Ginger Rogers, and Gene Kelly and Paul Draper to Gregory Hines and Savion Glover. Seibert traces the stylistic development of tap through individual practitioners and illuminates the cultural exchange between blacks and whites, the interplay of imitation and theft, as well as the moving story of African Americans in show business, wielding enormous influence as they grapple with the pain and pride of a complicated legacy. What the Eye Hears teaches us to see and hear the entire history of tap in its every step.

Alternative Press Index 2001

Rollins Pass B Travis Wright Mps 2018-05-14 The ribbon of dusty road on Rollins Pass has a timeless and beloved history. First known as Boulder Pass, this comparatively low saddle on the Continental Divide in Colorado has been in continuous use for millennia. First utilized as an expansive Native American game drive complex, the pass subsequently functioned as a toll wagon road in the 1860s. At the turn of the 20th century, Rollins Pass became the highest standard-gauge adhesion railroad grade in North America--an achievement still standing today. However, this overmountain route, known as Corona Pass, was inefficient and dangerous: resolute men tasked with the impossible faced high elevations with even higher risks of injury or death. A safer, permanent route came in 1928 by way of the Moffat Tunnel. The rails of Rollins Pass were then removed, freeing the automobile to tour the historic road. No matter the epoch, the legacy of Rollins Pass abides: a preeminently scenic route to the top of the world.

Forbidden Animation Karl F. Cohen 2004-05-14 Tweety Bird was colored yellow because censors felt the original pink made the bird look nude. Betty Boop's dress was lengthened so that her garter didn't show. And in recent years, a segment of Mighty Mouse was dropped after protest groups claimed the mouse was actually sniffing cocaine, not flower petals. These changes and many others like them have been demanded by official censors or organized groups before the cartoons could be shown in theaters or on television. How the slightly risqué gags in some silent cartoons were replaced by rigid standards in the sound film era is the first misadventure covered in this history of censorship in the animation industry. The perpetuation of racial stereotypes in many early cartoons is examined, as are the studios' efforts to stop producing such animation. This is followed by a look at many of the uncensored cartoons, such as Lenny Bruce's Thank You Mask Man and Ralph Bakshi's Fritz the Cat. The censorship of television cartoons is next covered, from the changes made in theatrical releases shown on television to the different standards that apply to small screen animation. The final chapter discusses the many animators who were blacklisted from the industry in the 1950s for alleged sympathies to the Communist Party. Ball Baby June Marie Saxton 2013-10 Swanee's dad is the football coach at Black Willow High School. After his star running back is injured he recruits his daughter to fill the vacant position. As a two-time state track gold medalist, Swanee is undeniably fast, but football? Swanee's skeptical. Can a season of pigskin help her overcome her natural timidity? Fans cheer as Swanee's personal journey takes her from the sidelines to the headlines. A yearning for success is kindled as she learns that she can do hard things, and the score at the final buzzer does not provide the only victory.

Meals Without Squeals Christine Berman 1991 This cookbook/nutrition guide provides information for meeting nutritional needs of children. It is simple, straightforward, clear, and easy-to-read, with menus, recipes, solutions to common feeding problems, and it show how to offer children positive learning experiences with food. Included is information on allergies, eating disorders, lactose intolerance, USDA requirements of the Child Care Food Program and more.

Whose Bird? Bo Beolens 2003 Is Bonaparte's Gull named after Napoleon Bonaparte? Is the Pallas' Sandgrouse named for the same individual as the Pallas' Warbler? This entertaining book provides

for the first time a mini-biography of every person after whom a bird has been named in the English vernacular--some 1,400 individuals. Featuring 150 illustrations, *Whose Bird?* is arranged in the style of an encyclopedia with entries indexed both by relevant individual and by bird. The book concentrates on the people--heroes, romantics, fanatics, and many others. Entries explain who the people were, when and where they traveled, what else they did and were famous for, with whom they were connected, what they wrote and published, and how birds came to be named after them. Filled with fascinating stories about the lives and times of naturalists over the centuries, this accessible reference volume will intrigue readers at every level of interest in ornithology.

Dancing with Lyndon Donley Watt 2004 A novel of ambitions and desires thwarted in a small Texas town, *Dancing with Lyndon* brings the early 1950s to life. Living in a small conservative and racist town, Thomas Patterson, a stiff young criminal lawyer, is running for state district judge and hoping for endorsements from either the governor or young Lyndon Johnson, who's running for the senate. Thomas's stay-at-home wife and their teenaged son Tommy are satellites to his grandiose political aspirations. But all hopes for a substantial political career are dashed when a black client Thomas successfully defended against a charge of the rape of a white girl kills himself, leaving a note confessing to the crime. The town turns against the Patterson family, jeering, threatening, and even vandalizing Thomas's car. The menacing atmosphere only adds to the tensions escalating within the family. Mary Lee, Thomas's dreamy, restless wife, can't quite grasp why she is so unhappy but knows it has something to do with Thomas's reliance on logic and reason to the exclusion of all emotion. Impulsively, she seeks the advice of a gypsy woman who foretells temptation, change, and someone to show her the way. Fourteen-year-old Tommy is caught between his parents' conflicting unspoken demands and struggles to make his own way and his own decisions about life. As tensions mount, he alternates between concern for his parents and the forbidden, budding attraction he feels for the daughter of a gypsy woman. All the protagonists' desires and ambitions come to a head at a barbecue where Lyndon Johnson is scheduled to speak. Thomas's political career takes an unexpected turn, Mary Lee finally understands where her desires can lead her, and Tommy comes to see his parents in a new light. *The Grace Medical Collection: Trauma Plan / Rescue Team / Life Support* Candace Calvert

2016-09-26 This collection bundles all three novels from author Candace Calvert's exciting Grace Medical series into one e-book for a great value! Trauma Plan Sidelined by injuries from a vicious assault, chaplain Riley Hale is determined to return to her former duties as an ER nurse. But how can she show she's competent when the hospital won't let her attempt even simple tasks? Determined to prove herself, Riley volunteers at a controversial urban free clinic despite her fears about the maverick doctor in charge. Dr. Jack Travis defends his clinic like he's commander of the Alamo. He'll fight the community's efforts to shut its doors, even if he must use Riley Hale's influential family name to make it happen. As Riley strives to regain her skills, Jack finds that she shares his compassion—and stirs his lonely heart. Riley senses that beneath Jack's rough exterior is a man she can believe in. But when clinic protests escalate and questions surface about his past, Jack goes into battle mode and Riley wonders if it's dangerous to trust him with her heart. Rescue Team Tired of running from her past, nurse Kate Callison intends to become Austin Grace Hospital's permanent ER director and make Texas her home. Despite staff friction, she's moving ahead. Then unthinkable tragedy wraps the ER in crime tape, bringing swarms of media, legal chaos—and a search-and-rescue hero who seems determined to meddle in her life. For Wes Tanner, nothing beats finding someone who's lost; he's known that helpless terror firsthand. So he'll expand his team's lifeline of hope: K9 tracking, swift water rescue, even horse-mounted searches. He's ready for anything—except Austin Grace's prickly and dismissive ER director. As Kate and Wes discover more about each other, new respect becomes something deeper. Kate wonders if her heart might have finally found a home. Then an unsolved missing persons case—and a startling new one—become catalysts that threaten the loss of all she and Wes have found. Life Support Nurse Lauren Barclay put her life on hold to keep a watchful eye on her troubled sister. It's why she's back in Houston. But that means confronting the brooding physician assistant who caused painful turmoil in her family—and left Lauren with memories her heart can't forget. PA and single parent Elijah Landry is no stranger to stormy relationships, including one with his father, who is threatening him with a restraining order. It won't stop Eli from protecting his disabled brother—or from making peace with Lauren. He wants that and so much more. But as Lauren and Eli draw closer, a powerful hurricane roars toward Houston. Survival instincts take priority and everything changes. Can hope weather the storm?
