For this updated edition, Gordon Baskerville and Alan Wakeman have conjured up more than a dozen new recipes, improved some of the original ones and thoroughly revised and updated the information sections.

[British Fashion Design](#) Angela McRobbie 2003-09-02 British Fashion Design explores the tensions between fashion as art form, and the demands of a ruthlessly commercial industry. Based on interviews and research conducted over a number of years, Angela McRobbie charts the flow of art school fashion graduates into the industry; their attempts to reconcile training with practice, and their precarious position between the twin supports of the education system and the commercial sector. Stressing the social context of cultural production, McRobbie focuses on British fashion and its graduate designers as products of youth street culture, and analyses how designers from diverse backgrounds have created a labour market for themselves, remodelling 'enterprise culture' to suit their own careers.

A History of Ancient Britain Neil Oliver 2011-09-15 Who were the first Britons, and what sort of world did they occupy? In A History of Ancient Britain, much-loved historian Neil Oliver turns a spotlight on the very beginnings of the story of Britain; on the first people to occupy these islands and their battle for survival. There has been human habitation in Britain, regularly interrupted by Ice Ages, for the best part of a million years. The last retreat of the glaciers 12,000 years ago brought a new and warmer age and with it, one of the greatest tsunamis recorded on Earth which struck the north-east of Britain, devastating the population and flooding the low-lying plains of what is now the North Sea. The resulting island became, in time, home to a diverse range of cultures and peoples who have left behind them some of the most extraordinary and enigmatic monuments in the world. Through what is revealed by the artefacts of the past, Neil Oliver weaves the epic story - half a million years of human history up to the departure of the Roman Empire in the Fifth Century AD. It was a period which accounts for more than ninety-nine per cent of humankind's presence on these islands. It is the real story of Britain and of her people.

We Don't Go Back Howard David Ingham 2018-07-08 Secret, strange, dark, impure and dissonant...Enter the haunted landscapes of folk horror, a world of pagan village conspiracies, witch finders, and teenagers awakening to evil; of dark fairy tales, backwoods cults and obsolete technologies. Beginning with the classics Night of the Demon, Witchfinder General, The Wicker Man and Blood on Satan's Claw, We Don't Go Back surveys the genre of screen folk horror from across the world. Travelling from Watership Down to The Texas Chain Saw Massacre, with every stop inbetween, We Don't Go Back is a thoughtful, funny and essential overview of folk horror in TV and cinema."A beautiful rumination on the dark films and television that shaped me and a generation of odd children, for good or ill, worth a year of your time, because you won't just read the book, you'll feel a burning desire to watch everything mentioned within." - Robin Ince"A comprehensive, accessible and often riotously funny tome weaving together folk horror in all its forms, from British television to the American backwoods, from Eastern European fairytales to the vengeful ghosts of East Asia. Ingham explores uncanny landscapes haunted by things buried, old cultures converging with the reluctance of contemporary reason, that very tension that gives his book its name. He attempts to both define folk horror and free it from definition, creating the ultimate guide to the genre's manifestations on film and offering a convincing argument as to why the genre resonates so compellingly with people today." - Kier-La Janisse, author of House of Psychotic Women

Practically Pagan - An Alternative Guide to Gardening Elen Sentier 2021-10-29 Practically Pagan - An Alternative Guide to Gardening takes the spooky out of alternative and keeps the magic. Elen Sentier brings together, and expands on, recent scientific discoveries, and shows how close they are to the old ways that were labelled as superstition in the 20th century. Sentier's writing is accessible and opens up the down-to-earth practicalism of pagans as people of the land to all, for that's what the word pagan means, 'of the land'. Sentier doesn't preach or proselytise folk to become pagan, but brings to light how you've been thinking this way for years. Elen Sentier is a best-selling author of British native shamanism. She also writes paranormal mystery-suspense novels. She's a wilderness woman, born on Dartmoor and grew up on Exmoor in a family who had practiced the old British magic for hundreds of years. Her books include Pagan Portals - Merlin: Once and Future Wizard (Moon Books, 2016), and Gardening with the Moon & Stars (Moon Books, 2015). **Four Quartets** T. S. Eliot 2014-03-10 The last major verse written by Nobel laureate T. S. Eliot, considered by Eliot himself to be his finest work Four Quartets is a rich composition that expands the spiritual vision introduced in "The Waste Land." Here, in four linked poems ("Burnt Norton," "East Coker," "The Dry Salvages," and "Little Gidding"), spiritual, philosophical, and personal themes emerge through symbolic allusions and literary and religious references from both Eastern and Western thought. It is the culminating achievement by a man considered the greatest poet of the twentieth century and one of the seminal figures in the evolution of modernism.
