The Fall of Saxon England Mike Kelley 2015-04-16 England was never to be the same again after this eventful year. Here is a powerful story, where you can feel the tension, live the actions and be amazed at the intrigue. This story covers just one tumultuous year, from Christmas Day 1065 to Christmas Day 1066. You will meet the heroes who stood against overwhelming odds to protect their families, and the traitors who sold their country for a price. What was it like to stand behind an English shield-wall on foot, against charging cavalry? What was it like to see 10,000 Vikings sack Scarborough? What was it like to be at the battles of Fulford, Stamford Bridge and Hastings? What was it like to see the rape of your beloved country? This is a book you will never forget; all based on real events

Harper's Weekly John Bonner 1858

New York Magazine 1973-12-24 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The Festival of Christmas Laurence Whistler 2015-10-05 For children the day begins with a weight on the toes, long, angular, and many-faceted as a leg by Picasso. The stocking should be opened by candlelight: no other light is resonant at that high frequency of excitement. Christmas is one of the oldest of our traditions, more ancient than any present-day beliefs, and strong enough to have survived even the attacks of Puritans in the seventeenth century. Shortly after the end of World War II, Laurence Whistler set out to write "a guide to the festivals of England as they are and as they might be": Christmas and its associated holidays formed one of the principal parts of his captivating narrative. Here, for example, is the radiant Kissing Bough, whose candles we lit before we had ever heard of a Christmas Tree. Here is the history of carols, Christmas Cards, and the tradition of 'first footing' on New Year's Day. The chapters, written with the imaginative delight of a poet, explore the traditions of Christmas in England since its earliest times, ranging from Christmas Eve to Twelfth Night. This short work, which also contains

beautiful illustrations by Robin Jaques and Joan Hassall, is a charming companion to anyone interested in the magic and tradition inherent in the Christmas Season. "A lovely benevolence; the author's knowledge, his sense of

values, his breadth of outlook are in evidence on every page." John O'London's Weekly "Possessing enchantment of matter, it has also enchantment of manner." Time and Tide
