**Indie Author's Toolbox: How to create, publish, and market your Kindle book**
Nick Vulich 2014-06-29
Read this if you want to sell more books, make more money as an author, or rank higher in your category. My name is Nick Vulich. The first thing you should know about me is I'm not a writer, and I'm not an expert on self-publishing either. I never worked in the industry, and I don't have any experience working for the big publishers. In fact, the only thing I consider myself an expert in is how to sell on eBay, Amazon, and Fiverr... So why should you listen to me? Like most indie authors, I came into publishing through the back door. I had a story to tell, and one day I just sat down and let it all come out. What I wrote wasn't pretty, or polished...but, it helped a lot of people sell more stuff on eBay. What I couldn't say with fancy prose, I made up for with enthusiasm. Because of that, my books sold. I'm not going to lie to you. It wasn't easy. I read just about every book available on self-publishing. I studied up on KDP Free days, Countdown Deals, price pulsing...

*Lehota and the Green Spell*
*Soft Cover*
Kalman Lehoczky 2012-07
I regard this book as a duty to honor my grandfather, Andras Lehoczky's memory. My intention is to present the Legend telling how my ancestor witnessed one of the most fundamental turn of the Human history: Genghis Khan's vast Mongol empire's rise and decline, the Muslim world's crisis and beginning of the still ongoing expansion as well as crumbling of the Roman Church's crusade and political superiority. The stage is Central & Eastern European Region and the Near East at the time of the crusades.

*Comic Strips - Create Your Own Comic Book & Cover*
Legacy 2017-09
Kids love comics, especially boys. The "Comic Strip" series allows a child to use their imagination to develop and tell their own graphic novels. The Comic Strip series provide hours of fun. And, they also provide an easy way to create a graphic novel. Just plan out the story and then fill-in the blank comic strips (frames). Add some color to the drawings. The book was designed for children between the ages of 8 to 11; however, it is great for writers and artists of all ages that want to create a comic book. It will help budding novelists and artists keep their stories organized. The book also makes a great gift for birthdays, holidays or vacations. Interior Pages
Each page provides multiple frames where sketches and word bubbles can be added. There are several summary pages that were included at the beginning of the book for a 'Table of Content' for the titles of your graphic stories. The interior book is designed to be used with pencils, colored pencils, colored pens, crayons and ink stamps. (It isn't designed for watercolors, markers or pens that bleed.)
Cover
The cover is white with a matte finish so you can create your own cover to match your comic strips stories. For best results, use a pencil to do the sketches and then use a permanent marker, such as a Sharpie. The front cover has room to add a title at the top and your name at the bottom. The back cover has room for a headline at the top. Both the front and back covers contain multiple frames for your sketches. Note...Because markers have different qualities, please make sure to test the markers before using them to complete your design...somewhere on the back cover will work. Also, only use permanent (non-washable) markers on the cover.
Additional Information
The Comic Strip series are available in a variety of pre-formatted pages. Simply select the book that contains the comic strip frame format that will best help you tell your story. You can also select between the traditional square cornered frames or frames with rounded corners to create your graphic novel. The books are also available with either 100 pages or 190 pages. The book is printed using industry standard professional grade binding and paper. The book is neither archival nor acid-free.

*Quick Guideline to Prepare Paperback Book Interior and Cover Files Using Different Applications*
Dr. Hidaia Mahmood Alassouli 2021-12-31
In order to publish and sell a Book on any publishing website, you need a ready-to-print PDF layout that supports all the requirements of the publisher system. You can create the PDF independently or use other production software like InDesign, or you can buy a paid professional production service.Book cover creation is the very last creative step when publishing a book. Thats because almost everything about the anatomy of a book cover is controlled by the final, edited version of the book: the trim size, paper color and number of pages all determine your covers dimensions. You need to design the cover after the final draft is finished. Book cover design is comprised of text and images. You must note: the front cover, back cover, spine, layout, picture, fonts, and other elements of the cover.The book consists of manuscript and cover. On the publishing website, you can upload your manuscript. The publishing website will automatically convert the manuscript to proofed PDF prior to publishing/printing. Depending on the publishing website, you can create your book cover using Cover Creator tool or submit your book cover in a PDF.Publishing Print books at KDP amazon kdp.amazon.com, Lulu.com and notionpress.com is straightforward, as you can just upload your manuscript as a PDF, DOC, DOCX, RTF, HTML, or TXT file. Kdp.amazon.com, notionpress.com and Lulu.com will automatically convert these file types to PDF prior to publishing/printing. You can create your book cover using Cover Creator tool within the websites. The free Cover Creator helps you to create and customize your eBook, paperback, or hardcover cover with a variety of layouts and fonts. Cover Creator uses the book details you enter during title setup and adds your book's ISBN to the barcode area on the back coverBut other publishing websites such as streetlib.com, ingramspark.com, blurb.com, press.barnesandnoble.com and feyjr.com requires from the authors to prepare the Paperback book manuscript in PDF format, and to design and submit the book cover in a PDF format according to their specifications. So, the author must have good knowledge on the formatting requirements for the book interior, and needs to create a paperback cover, using design software to be able to publish in such websites.So, when you create a paperback book, you need to format and upload two files: a manuscript file, which is the interior of your book, and a cover file, which is the outside of your book including the front, back, and spine. Here I will provide the steps on how to format both files, plus tools and resources to help you get started.The report consists from the following sections:1. **Return to Me**
Tiffany Holcomb 2011-03
What if God hates religion? so many of us have been programmed to think that we need to follow a certain ritual or that a certain church will make us get right with God. We have it all wrong. God doesn't want our religion and our good deeds without having our hearts. That's what He wants is our heart. He is a gentleman and He stands at the door of your heart waiting for you to invite Him into your life. He won't barge in, He waits to be invited in.God is not interested in what church you go to or if you go to church. He wants your heart!When you look around the church today what do you see? there is room for a relationship with Jesus in the midst of the religion that we have created by following our rules and rituals? Are we still trying to earn grace?When I look around the church today I see a lot of Pharisees that are so caught up in their religion that they have forgotten about the relationship with their Savior. Jeremiah 24:7 I will give them hearts that recognize me as the Lord. They will be My people, and I will be their God, For they will return to Me wholeheartedly. The time has come that we return to God with our every day worship. The time has come for us to take up our cross and follow Jesus. The time will come for us to wave our white flag of surrender and allow God to be the Lord of our life.

**Who's Got Your Back?**
Michael Slater 2011-09-01
Who's Got Your Back? These are four words spoken together as a phrase that holds a tremendous amount of truth and power. I am convinced that many have heard the phrase, yet have not grasped the full meaning and purpose behind it. How would you answer the question of who's got your back? A battle exists for you, your marriage and your family. Life is challenging at all ages and phases and we cannot make it on our own. We need the support of others to know in our hearts that we are not alone. This is the strength that can enable one to continue to press on and face difficult situations and challenges. This book and the teachings is a journey for all, especially men, towards encouragement of one another, finding strength in God and discovering purpose within our lives. My prayer is that the depth and meaning of who's got your back, would impact you and your life. Your back can be covered.
